Soring High, Making Teams Fly!

No man or woman is an island. The power of synergistic cooperation can only be harnessed through effective and efficient teamwork. Thus, training the members of the team is core to the success of any company in this new age of rapid change. These residential programmes seeks to induce into each member how team works in harmony with one another, thus increasing the level of performance and service produced is nothing short of true professionalism and energy to move the organization forward!

The Adventure Experience target to inculcate into each participant (through interactive learning, games, role-playing and experiential fun indoor and outdoor adventure activities) the importance of working as a professional team. Throughout the sessions, participants will learn the core aspects of what makes a team successful, contributing to the profitability of their company. At the end of the workshop, participants will hold in their hands specific skills, concepts and experiences that can propel their team and company toward greater professionalism and as a result, greater profitability.
